**THE DAY'S RECORD IN POLICE COURT**

**Fifteen Days for Stealing a Coconut**—Judgment for \$2,910.82 Confessed—Real Estate Transfers—Important Decisions Rendered in the United States Circuit Court.

In the Police Court yesterday several individuals faced Justice Tenkin, who awarded them the penalties due for their various transgressions of the law. A. W. Crenshaw was charged with reckless driving and running over W. S. Wilkins. This case was the result of a collision between Wilkins, who was riding a bicycle, and a team driven by Crenshaw. After hearing the evidence the case was dismissed.

As John Alexander Fields was passing the store of A. J. Wood, on Wednesday he noticed a lot of coconuts just outside the door, and thinking that he was not noticed, made off with one of the nuts, the value of which was 10 cents. For stealing an article of this value Fields will spend the next fifteen days in jail.

Grant Bishop, colored, suspected of having stolen tobacco, was held and the case continued till the 27th instant. Henry Trulove amused himself on Wednesday by throwing bricks in the street, thereby endangering the welfare of pedestrians. For so doing Henry was fined \$2.

The charge against Thomas GHEIL, for assaulting Lilly Stacia, was dismissed, there being no direct evidence against the accused.

Nellie Harris was fined \$1 and costs for malicious prosecution.

John Oldendahl, against whom was a charge of conducting the plumbing business without a license, was made to pay the costs.

Sarah Hawkins, colored, was charged with stealing from Laura Lee, also colored. There being no direct evidence against the accused the case was dismissed. Laura was so incensed at the escape of Sarah that when the twain had left the court room and reached the street, the former, with an idea of satisfying her wrath, assaulted the latter. They were both arrested and fined for fighting in the street.

Mary Laurence and Grace Sumner were each fined \$5.00 for breach of the peace.

**COURT OF LAW AND CHANCERY.**  
In the case of the Lawrence Centric company vs. John O. Gennage, judgment for \$2,910.82 was confessed.

**CLERK'S OFFICE.**  
The following real estate transfers were recorded in the clerk's office yesterday:

John M. Meredith, Sr., to Benjamin B. Halstead, property at the southwest corner of Park and Willoughby avenues, Brambleton Ward; \$500.

W. C. Burruss to John J. Burke, a lot on the east side of Granville avenue, Brambleton Ward, \$35.

**UNITED STATES CIRCUIT COURT OF APPEALS.**  
In the United States Circuit Court of Appeals at Richmond, a decision was handed down yesterday in the cases against the Ocean View railway.

In the cases of White & Dodson, whose claim was about \$6,000; Frank R. Mayo, about \$2,500, and that of the Potomac Steel and Iron company, of Pottsville, Pa., were disallowed, the decision of Judge Hughes being affirmed.

The claim of G. S. W. Burdick was allowed by Judge Hughes, but was disallowed by the higher court.

Thus the decision of Judge Hughes was affirmed in the cases of White & Dodson, Frank R. Mayo and the Potomac Steel and Iron company, and his decision was reversed in the cases of G. S. W. Burdick and Fick & Co.

There was an array of lawyers in the cases as follows: Mr. George McIntosh represented White & Dodson and Frank R. Mayo. The other attorneys were R. M. Hughes, John R. Jenkins, Heath & Heath, Richard B. Tunstall and E. M. Hughes.

We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending One Minute Cough Cure as a preventive of pneumonia, consumption and other serious lung troubles that follow neglected colds. **GEN. JOHN R. GORDON COMING.**  
The next attraction for the Star Course of the Y. M. C. A. will be lectures by the world famed General John R. Gordon, on "The Last Days of the Confederacy."

The date is Tuesday, March 22d, in the Academy of Music. It might be well to state that a great many seats have already been engaged for this event, and those who desire to get tickets had better do so at once.

General Gordon spoke to a packed house the last time he visited Norfolk, and he gives this return date as the earnest request of those who heard him before.

The reserve seat chart is now open at the Y. M. C. A. office. The boxes run for ten and six dollars to members of the association, and ten and five dollars to non-members. It is understood that one or two box parties will be formed to attend the lecture.

**Satellite Said to be Epidemic.**  
Dr. La Rue, the famous French authority on abnormal phenomena, and a professor in Laval University, has, after exhaustive comparison of facts in France, Belgium, England and the United States, come to the conclusion the inclination to suicide is a mania, and is epidemic. There seems to be a strong correlation of this in our own country where one suicide—particularly among young females—follows another. No learned authority has as yet discovered with exactitude whether malaria is epidemic or endemic, but it has been matter of notoriety for nearly half a century that the most reliable preventive and curative of the various forms of malaria is quinine or one of its salts. Restored patients have not only set the seal of their approbation upon it in malarial cases, but commend it for rheumatism, kidney and liver troubles, nervousness, dyspepsia and constipation. It improves both appetite and sleep, and is a capital militant of infirmity in advancing years.

**LOUIS JAMES.**—Louis James, supported by a good company, gave two delightful performances at the Academy of Music yesterday afternoon and evening. Mr. James playing Brutus in "Julius Caesar" at the matinee and at night. Recce de Fraise in "A Cavalier of France." Mr. James proved himself the same clever actor in these characters as in former years in other impersonations.

Speaking of Mr. James, a report is in circulation that next season a new combination will be formed in which James, Warde and others will star together. This will make a strong team, which is bound to succeed.

**"THE REAL WIDOW BROWN"**  
TO-NIGHT.—As long as men have a weakness for widows the entertainment provided by "The Real Widow Brown," Mr. Scammon's latest theatrical offering, will draw. It will be presented at the Academy to-night and tomorrow matinee. It possesses all the merits required of a successful farce comedy. Amusing in plot and situations, it is ably interpreted by a company of artistic comedians and comedienne who also incidentally provide specialties by the way of singing and dancing, which add to the hilarity occasioned by the comedy itself.

A thousand performances in London and Berlin attest its sterling qualities as a mirth provoker. Stages on sale at the Academy. Usual prices at night, matinee, 50c, any seat; children, 25c.

**FIRM SUIING FOR WHARFAGE CHARGES**

**Williams Brothers Wants \$6,000 Alleged to Have Been Illegally Paid to N. Y. P. & N. Co.**—Merchants and Miners Annual Meeting—Bay Steamers.

The question of wharfage charges is again causing litigation here. Yesterday Messrs. Williams Bros., through their attorneys entered suit against the New York, Philadelphia and Norfolk Railroad company for \$6,000 damages.

The plaintiffs allege that for several years prior to 1892 they have been paying wharfage to the company on merchandise stored on the company's wharves, which wharfage they believe was illegal and they now seek to recover.

The case is to be heard by a jury at the coming term. It's progress will be watched with interest by merchants and transportation men, as one case, similar to this, has already been decided against the plaintiff. It was the case of George H. Davies against the same company for illegal wharfage charge. The case was appealed to the Supreme Court and is now pending on a writ of error.
